

THE BRIMS TO BRAZIL

Dear Praying and Supporting Friends,

August 18, 2020

We greet you in the name of the King of kings and Lord of lords! We are so thankful that, even in the midst of these different circumstances He is still in control of all things! There is no doubt these are and have been difficult times. But we praise the Lord that He is not limited by the circumstances and continues to work and fulfill His will! We would like to share a few of the ways we have seen His hand at work in our ministry and lives.

The quarantine imposed by the local governments here in our area has prevented us from being able to have Sunday school for the children at the church building. But that did not keep us from having Sunday school. Some of the teachers have recorded their lessons for the children to listen to or watch. Others have had class through Zoom videos. In the adolescent department the parents were given the material and they have done the lessons with their own children. I have done Sunday school lessons for the adults live on Facebook and also posted them to YouTube. We thank God for our teachers and their desire to continue teaching God's Word to their students during this pandemic!

We thank the Lord for souls saved in the last few weeks! Carla, one of our young adults has been tutoring children, since the schools have not been in session. During the last few weeks, God brought a new student to her, Gabriel, who is nine years old. Every day at the end of class, God led her to share a color of the wordless book. The day she shared the color white, Gabriel understood his need to be saved and accepted Christ as his Savior! Carla is also sharing a short Bible lesson with him every day after his tutoring! Praise the Lord for His working in this life! Two adults also accepted Christ as their Savior these last two weeks. Luís accepted Christ on a video chat on WhatsApp! Rosa accepted the Lord on a visit last Thursday! Both of them were in the church service Sunday night!! This was a great blessing and encouragement to all who were in the services! We rejoice and praise the Lord for the salvation of these souls! Please pray for their spiritual growth and understanding of God's word.

Our daughter, Sofia, will be returning to continue her studies at West Coast Baptist College in California this fall. Colleges that do training for ministry have been declared essential institutions in California. We have seen the Lord answer many prayers for this to happen. We would covet your prayers for her as she travels from Brazil back to California on Friday, August 21, for good connections and trip for her.

There are many other ways we have seen God work during this pandemic! Unsaved people have watched the services online, first time visitors have been in the services since we were able to return to our building, and many other answers to prayer and blessings have been granted. Thank you for your continued prayer and financial support! We could not be here without you! May God's hand of blessing and guidance continue to be with each one! We remain...

Yours in the white fields,

Frank, Darla, Cam, Cait, Sofia and Stefan Brim
