## Bringing hope to the people of Spain

Greetings Church family and faithful supporters,

I would like to begin this prayer letter by first thanking the Lord for providing through our supporting churches, the funds to print our tracts and to pay for a website for our ministry. We are now ready to send off the tract to the printing company to be printed. We are only waiting for one final piece to make the puzzle complete and that is to find a room or small space we can rent to meet in Alcorcón. This is the advice we have received from several veteran missionaries and the reason is so we can put an address on the tracts we are about to print. This leads us to the next bit of news we are excited to share. We have begun a Bible study in our home. Our first meeting we had two people aside from me and Claudia and on our second meeting, one of the ladies that Claudia had been witnessing to, came and brought her neighbor and they haven't missed since. The idea is to transfer the Bible study from our home to a small office space or room that we can rent to be able to meet in Alcorcón and have an address to put on our tracts.

Our evangelization efforts continue, besides the normal witnessing and passing out tracts, we have twelve people that we are working with at present that the Lord has allowed us to develop a relationship with. It is our prayer that they will receive Christ as their Saviour. Everytime we get together we share the Gospel with them and give a clear presentation from Scripture of the Gospel. They always listen and allow us to share with them. They have questions and objections at times, much of which stems from their history of the Catholic church here in Spain. We do see the Lord working in their lives and have a desire to know more. Please pray with us for these precious people that they will accept the Lord Jesus as their personal Saviour. One young man, who is an atheist, meets with me on a regular basis when he can (he is studying in the university). I gave him a book to read and just as I was preparing to write this prayer letter, I received a message from him telling me he is really enjoying the book. To be honest I was rather suprised to hear it and I can tell you I am very excited about our next meeting! We have also been invited by a family that lives in Alcorcón to go to their finca where they have a business producing olive oil. They have invited us to spend a Saturday with them to show us the whole process of how its done. We are very excited for these precious opportunities!

## Prayer Requests

1. For a place to rent to hold our Bible Study in Alcorcón
2. For the Bible study to grow and for more souls to be saved
3. For God to use the 50,000 tracts we are having printed and will be passing out as well as stuffing mailboxes

In Christ,

The Meyer Family
